NASCENDA TERAPIAS

Nascenda was born with the purpose of welcoming, awakening, and transforming.

I'm Cíntia Marcela, an Alchemist **Therapist certified by AlkhemyLab**, and I work with Alchemical Flower Remedies to help people reconnect with their natural balance.

Before becoming a therapist, I was a patient myself. I experienced my own alchemical journey – a path of feeling, transformation, and healing, one step at a time. That process changed my life profoundly and now inspires my mission to share this beautiful journey of transformation with others.
